OUR EXPERTISE

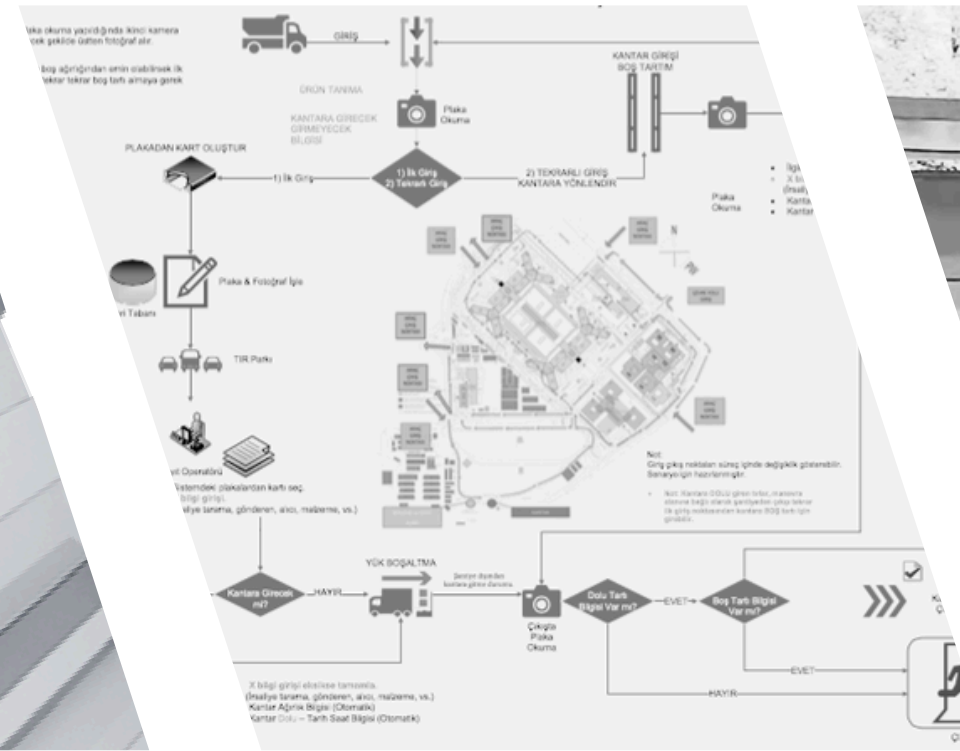

We provide better Total Cost of Ownership (**TCO**) for our customers by our **Integrated Production Abilities** and boutique project management approaches.

**DESIGN, ENGINEERING
& FLEXIBILITIES**

**IN HOUSE PUR & ROCKWOOL
SANDVICH PANEL PRODUCTION**

**PROJECT
& COST OPTIMIZATION**

**SUBCONTRACTORS
& QA-QC MANAGEMENT**

WE EXTENDED OUR CAPACITY & SPACE FOR PRODUCTION

(2.000+ TONS & 15.000+ m² per MONTH)

Each steel structure project built by Mobilon IC is designed specifically to meet the needs of clients with high performance, efficient use and international quality standards. Mobilon IC has achieved and operated based on quality management certificates: ISO 9001: 2015, OHSAS 14001 and IAS AC472.

Mobilon IC over 15.000m² factory has comprehensive manufacturing capabilities from the largest steel components to the smallest parts, the most complex parts to the simplest components, oversized components, special steel structure, difficult fabrication.

CAMPUS & WORKSHOP
